Ripping Landscapes is on the move & unstoppable!

Greetings

Last year was excellent for me, with 3 big commissions: one of Florence in Italy, another of Boxing Hares & also a stormy

landscape with shafts of light hitting the land. To receive a commission is exciting & a little scary. I spend time understanding what the customer wants, looking at photographs together. Contact me for wedding gifts, birthdays, memorials and every occasion!

My own work continued with new collages of Wales, Scotland & my local marshes. I'm starting a series of work with professional women climbers. Watch this space!

Workshops are growing and I love

working with people to encourage their skills. Come along & try! I'm running workshops on Sun 12th Feb & 12th Mar 12-4pm at the St Andrews Centre in Gravesend (website for details). Your collages can make a good present for loved ones.

It's a busy year for **exhibitions**. I've got a solo show 5th to 11th April at the Horsebridge Arts Centre in Whitstable. Also I'm in South East Open Studios in June at my home 'The Crows Nest Studios'. Come, meet me and see my work in the flesh. And there's lots more.

I have just arrived home from Goa in India, where I have been sketching & creating mini collages. This is the first time I have taken magazines, glue, scissors & canvasses away with me to work directly in collage from the landscape in front of me. These three collages are from Patnem beach looking towards Rajbag & Colombe bay.

My love of Hares is deepening & I'm looking forward to getting out to observe them in the wild & sketch them then to create work from this.

Oh so much to do !

Look forward to see you this summer !

Fiona
